Principles of Fibrin Sealing

Fibrin Sealant: Efficacy, Quality, and Safety G. Schlag and H. Redl	3
--	---

Fistula Therapy

Endoscopic Sealing of Infected Bronchus Stump Fistulae with Fibrin Following Lung Resections H. W. Waclawiczek, F. Chmelizek, and I. Koller	21
---	----

A New Biological Implant for the Closure of Brönchopleural Fistulas N. Pridun	29
--	----

Fibrin Pleurodesis in Recurrent Pleural Effusion with Continuous Ambulant Peritoneal Dialysis H. F. Kienzle, J. Reitinger, and R. Bähr	35
--	----

Endoscopic Therapy of Gastrointestinal Fistulae with Fibrin Tissue Sealant M. Jung, B. C. Manegold, and W. Brands	43
--	----

Fistuloscopy — A Further Approach for the Sealing of Gastrointestinal Fistulae V. Lange, G. Meyer, H. Wenk, and F. W. Schildberg	53
--	----

Fibrin Sealing of Fistulas in Crohn's Disease A. Eimiller, P. Berg, P. Born, W. Barina, R. Zellmer, H. Neuhaus, F. Paul, and H. Homann	61
--	----

Prevention and Treatment of Lymphatic Fistulae Following Lymph Node Dissections by Means of Fibrin Sealing O. Dapunt and H. W. Waclawiczek	65
--	----

Pancreas Surgery

Indications for Fibrin Sealing in Pancreatic Surgery — With Special Regard to Occlusion of the Residual Gland

A. Marczell 73

Pancreatic Duct Occlusion with Fibrin Sealant for the Protection of Pancreatic-Digestive Anastomoses Following Resection of the Pancreatic Head: Experimental and Clinical Study

H. W. Waclawiczek and H. Kaindl 79

The Application of Fibrin Sealant in Segmental Pancreas Transplantation

D. Lorenz and A. Domagk 97

Segmental Pancreatic Transplantation with Temporary Duct Blockade with a Modified Fibrin Glue

F. A. Zimmermann, G. Pistorius, K. Grabowsky, I. Marzi, G. Seitz, J. Motsch, and G. Feifel 105

Pancreatic Duct Occlusion with Fibrin Sealant: An Experimental Study

J. G. Doertenbach, E. Hanisch, J. Kiselecuk, and H. Ohliger 111

Therapy of Bleeding Ulcers

Tissue Reaction and Hemostatic Characteristics — Fibrin Sealant Versus Polidocanol: Experimental and Clinical Results

R. Salm, J. Sontheimer, H. Laaff, and M. Cegla 122

A New Development in Gastrointestinal Bleeding: Sclerotherapy Using Fibrin Sealant

A. Eimiller, P. Berg, P. Born, W. Barina, F. Paul, and H. Homann 131

Submucous and Intravascular Application of Fibrin Sealant Using a Double-Luminal Flexible Needle

W. Dufek, C. Sebesta, K. Schütze, E. Hentschel, H. Rosen, and B. Bauer 135

Fibrin Sealing: An Enrichment in the Endoscopic Control of Bleeding in the Upper Gastrointestinal Tract

L. Weber and J. Zehner 137

Prophylaxis and Therapy of Intra-abdominal Adhesions with Highly Concentrated Human Fibrinogen: Experimental and Clinical Results

W. Brands, M. Jung, B. C. Manegold, P. Liedgens, M. König, and M. Stock 141

Summary

H. W. Waclawiczek 147
