

Contents

SECTION 1: NEUROMORPHOLOGY

Introduction and Terminology	1
1. Structure and Innervation in the Human John Dixon and John Gosling.....	3
2. Comparative Neuromorphology in Animals Ahmad Elbadawi	23
3. Neural Connections Between the Lower Urinary Tract and the Spinal Cord John F. B. Morrison.....	53

SECTION 2: SENSATION AND MOTOR CONTROL

Introduction	87
4. Sensations Arising from the Lower Urinary Tract John F. B. Morrison.....	89
5. The Functions of Efferent Nerves to the Lower Urinary Tract John F. B. Morrison.....	133
6. Physiology of Bladder Smooth Muscle Alison Brading	161
7. Reflex Control of the Lower Urinary Tract John F. B. Morrison.....	193
8. Bladder Control: Role of Higher Levels of the Central Nervous System John F. B. Morrison.....	237

SECTION 3: CLINICAL PHYSIOLOGY

Introduction	275
9. Urodynamics Michael Torrens	277

10. Clinical Neurophysiology
Clare J. Fowler and Chris Fowler..... 309

11. Human Physiology
Michael Torrens..... 333

Subject Index 351
