Introduction

Reproductive Behavior and Family Planning	
<i>M. Potts</i>	3
Trends in Contraception and Contraceptive Research	
<i>P. A. van Keep and H. Rekers</i>	12

Side Effects of Oral Contraceptives

Analysis of Oral Contraceptive Risks	
<i>S. Roy, L. Bernstein, and F. Z. Stanczyk</i>	21
Effects of Oral Contraception on Blood Clotting	
<i>J. Bonnar, L. Daly, A. Sabra, and A. Carroll</i>	56
Effect of Oral Contraceptives on Carbohydrate Metabolism in Healthy Women	
<i>S. O. Skouby</i>	60
Oral Contraceptives and Lipid Metabolism	
<i>T. Rabe, K. Grunwald, L. Kiesel, and B. Runnebaum</i>	64
Oral Contraceptives and Lipid Metabolism: Interim Analysis of the PROCAM Trial	
<i>G. Assmann and H. Schulte</i>	
Oral Contraception and Ovarian Function	
<i>M. Mall-Haefeli, I. Werner-Zodrow, P. R. Huber, and A. Edelmann</i>	97

Development of New Progestagens

Trends in Hormonal Contraception	
<i>B. Runnebaum, T. Rabe, and L. Kiesel</i>	109
Clinical Pharmacology of Gestagens	
<i>K. Fotherby</i>	122
Development of Progestogens	
<i>F. Neumann, B. Duesterberg, and H. Laurent</i>	129
Review of the Preclinical Pharmacology and Clinical Studies of the Norgestimate-containing Oral Contraceptive, Cilest	
<i>S. A. Pasquale</i>	141

Gestoden: An Innovative Progestogen <i>G. Hoppe</i>	147
Desogestrel: Review of Pharmacology and Clinical Trials <i>H. Kopera</i>	156
Steroids and Brain	
Progesterone and Progestins Modulate Hypothalamic and Pituitary β -Endorphin <i>A. R. Genazzani, F. Petraglia, M. Bergamaschi, A. D. Genazzani, F. Facchinetti, M. Cleva, V. Santoro, and A. Volpe</i>	167
Contraceptive Potential of GnRH Antagonists <i>D. W. Hahn, K. T. Demarest, A. Phillips, C. Bishop, J. L. McGuire, D. R. Danforth, C. F. Chillik, and G. D. Hodgen</i>	173
Desensitization of Pituitary Cells by Gonadotropin-Releasing Hormone in Vitro <i>K. Helm, L. Kiesel, T. Rabe, and B. Runnebaum</i>	184
Potency of Contraceptive Progestins to Inhibit Luteinizing Hormone Secretion in Vitro <i>L. Kiesel, T. Rabe, K. Helm, C. Maier and B. Runnebaum</i>	192
Implantables and Injectables	
Long-Acting Injectable Steroidal Contraception Utilizing Norethindrone Microspheres <i>G. I. Zatuchni, L. R. Beck, and D. H. Lewis</i>	209
Monthly Injectable Contraception with Norethisterone Enanthate plus Estradiol Valerate <i>E. Kesserü and R. Tozzini</i>	221
Evaluation of the Norplant Subdermal Implant Contraceptive System – China <i>Gu Sujuan, Wang Suhua, Du Mingkun, Zhang Lingde, and Xu Meifang</i>	227
Behavioral Methods of Contraception	
The Sympto-thermal Method <i>J. J. Billings</i>	231
Temperature Computers <i>K. Loewit, H. G. Kraft, A. Ortlieb, and G. Wolfram</i>	239
Lactational Anovulation in Monkeys: Prolactin Secretion and Ovarian Function <i>R. F. Williams</i>	248
Barriers and Sterilization	
New Approaches in Vaginal Contraception <i>I. Gerhard</i>	259

New Techniques of Female Sterilisation
G. M. Filshie 277

Recent Experience with the Cervical Cap in the United States
R. Chalker 280

Aryl 4-Guanidinobenzoates: Potential Vaginal Contraceptives
L. J. D. Zaneveld, J. M. Kaminski, D. P. Waller, J. Quigg, R. A. Anderson, S. R. Mack, and L. Bauer 286

New IUD Technology

Intrauterine Devices: Efficacy and Side Effects
T. Rabe, B. Ellwanger, K. Grunwald, L. Kiesel, and B. Runnebaum 295

Hazards of IUDs and Their Prevention
M. Thiery 312

The Endometrium and the IUD
D. Serfaty and H. Yaneva 325

Clinical Results of a New Contraceptive Intra-uterine Device:
Ombrelle 250
A. J. M. Audebert 336

Immunology of Female Contraception

Immunological Aspects of Fertility Regulation
G. P. Talwar and A. Gaur 345

Application of New Concepts in Cell-Mediated Immunity to the
Development of Effective Antifertility Vaccines
D. J. Anderson, J. A. Hill, F. Haimovici, and C. Xu 351

Sperm Antigens and Antibodies
N. J. Alexander and S. Ackerman 356

Post-coital Contraception

Post-coital Interception
A. A. Haspels 371

Endometrial and Myometrial Effects of Progesterone Antagonists in
Pregnant Guinea Pigs
W. Elger, M. Fährnrich, S. Beier, S. Shao-Qing, and K. Chwalisz 381

Politics and Religion in Contraception

The Role of Public Sector Agencies in Contraceptive Research and
Development
G. Benagiano, G. Perkin, and M. Potts 385

Jewish Law and Contraceptive Practice
J. G. Schenker 393

Epidemiology and AIDS in Contraception

Epidemiology and Sexually Transmitted Diseases
D. Serfaty 401

The World Health Organization Special Programme

The World Health Organization Special Programme of Research,
Development and Research Training on Human Reproduction:
The Past 15 Years and the Next Decade
E. Diczfalusy 423

Subject Index 441
