

## TABLE OF CONTENTS

J.-L. Colliot-Thélène / D. Kanevsky / J.-J. Sansuc: Arithmétique des Surfaces Cubiques Diagonales	1
D. W. Masser: Small Values of Heights on Families of Abelian Varieties	109
W. D. Brownawell: Large Transcendence Degree Revisited I. Exponential and Non - CM Cases	149
W. D. Brownawell / R. Tubbs: Large Transcendence Degree Revisited II. The CM - Case	175
G. Wüstholz: A new approach to Baker's Theorem on Linear Forms in Logarithms I	189
G. Wüstholz: A new approach to Baker's Theorem on Linear Forms in Logarithms II	203
E. Bombieri: On the Thue - Mahler Equation	213
