

# Contents

Foreword — V

Preface — VII

Acknowledgments — XIII

List of contributors — XVII

Saurabh Tiwari, Sukanta Kumar Baral, Richa Goel

**1 Application of AR and VR for supply chain: a macro perspective approach — 1**

B. Rajalingam, R. Santhoshkumar, P. Deepan, P. Santosh Kumar Patra

**2 An intelligent traffic control system using machine learning techniques — 19**

Avani K. V. H., Deeksha Manjunath, C. Gururaj

**3 Proficient implementation toward detection of thyroid nodules for AR/VR environment through deep learning methodologies — 35**

Vijayarajan Ramanathan, Gnanasankaran Natarajan,

Sundaravadivazhagan Balasubramanian

**4 Convergence of AR/VR with IoT in manufacturing and their novel usage in IoT — 77**

Deepa B. G., Senthil S., Zaiba S., Danish D. S., Kshitiz Tripathi, Alessandro Bruno

**5 Proficiency of Metaverse using virtual reality for industry and users perspective — 99**

Vijay Joshi, Sukanta Kumar Baral, Manish Pitke, Rocky J. Dwyer

**6 Retailing and e-commerce riding on technology: augmented reality and virtual reality — 127**

Ipseeta Satpathy, B. C. M. Patnaik, S. K. Baral, Majidul Islam

**7 Inclusive education through augmented reality (AR) and virtual reality (VR) in India — 147**

Aditya Singh, Siddharth Mishra, Shubham Jain, Sandeep Dogra, Anubhav Awasthi,  
Nihar Ranjan Roy, Kunwar Sodhi

**8 Exploring practical use-cases of augmented reality using  
photogrammetry and other 3D reconstruction tools in the Metaverse — 163**

Shreya Soman, Neeru Sidana, Richa Goel

**9 An empirical analysis of conspicuous consumption of luxury cosmetic  
products via augmented reality technology concerning India's  
workforce — 187**

Abhiraj Malia, Prajnya Paramita Pradhan, Biswajit Das, Ipseeta Satpathy,  
Sambit Lenka

**10 Application of virtual reality and augmented reality technologies to  
boost the technical capabilities for a constructive and effective learning  
in education for a performing virtual eco-system: a design thinking  
approach — 203**

Ambika N., Mansaf Alam

**11 Role of augmented reality and virtual reality in sports — 221**

Bibhorrr

**12 Space traffic management: a simulation-based educational app for  
learners — 237**

Raj Gaurang Tiwari, Ambuj Kumar Agarwal, Mohammad Husain

**13 Integration of virtual reality in the e-learning environment — 253**

Shantanu Trivedi, Saurabh Tiwari

**14 The resurgence of augmented reality and virtual reality in construction:  
past, present, and future directions — 275**

**Editors' biography — 293**

**Index — 295**
