Foreword — V

A brief professional profile of Prof. Anil Kumar Singh — IX

List of contributors — XIII

Sabir Ahammed and Brindaban C. Ranu

Chapter 1

Synthesis of bio-active heterocycles using ionic liquids — 1

Vaidya Jayathirtha Rao

Chapter 2

Synthesis of *oxygen* and *sulfur* heterocycles mediated by ionic liquids — 25

Radhika Gupta, Yukti Monga, Ashu Gupta and Rakesh Kumar Sharma

Chapter 3

Supported ionic liquids for advanced catalytic applications — 65

Avtar Singh, Nirmaljeet Kaur, Rohini, Anupama Parmar,

Payal Malik and Harish Kumar Chopra

Chapter 4

Recent updates on chiral ionic liquid-mediated asymmetric organic synthesis — 87

Yadavalli Venkata Durga Nageswar, Katla Ramesh and Katla Rakhi

Chapter 5

Deep eutectic solvent-mediated organic transformations — 107

Simranpreet K. Wahan, Gaurav Bhargava and Pooja A. Chawla

Chapter 6

Role of crown ethers as mediator in various chemical reactions — 145

Arruje Hameed, Razia Noreen, Muhammad Sami Ullah Khan Niazi,

Shaheera Batool, Anwar Ahmad, Tanzeela Khalid and Tahir Farooq

Chapter 7

Fluorinated alcohol-assisted preparation of functional and biologically active compounds — 163

XII — Contents

Bijeta Mitra and Pranab Ghosh

Chapter 8

PEG-assisted organic transformation — 195

Gyan Chandra Pariyar, Bijeta Mitra and Pranab Ghosh

Chapter 9

Glycerol-mediated organic transformation — 211

Index — 231
