List of Figures	xi
List of Tables	xiii
General Preface	xv
Foreword	xxv
List of Abbreviations	xxix
Introduction	1
1. Phases and Achievements of Vocational Education over the 40 Years of Reform and Opening-Up	2
2. Main Features of the Development of Vocational Education over the 40 Years of Reform and Opening-Up	10
3. The Challenges and Thoughts for Developing Vocational Education in the New Era	12
Chapter One: Adjusting the Structure of Secondary Education	17
Part 1 The Fermentation of the Idea of Structural Reform in Secondary Education	18
Part 2 New Student Enrollments of Vocational and Technical Schools Should Be Equivalent to That of Regular Senior High Schools	22

1. Designating “Half the Sky” Position to Vocational Education in China’s Educational Structure	25
2. Take the Transformation of the Underlying Attitudes as the Logical Starting Point of the Development of Vocational Education in China	30
Part 3 Development of Secondary Vocational Education under the Educational Structure Adjustment Policies	31
1. The Structural Imbalance of Secondary Education Has Been Fundamentally Reversed	32
2. The Extremely Unbalanced Development within Secondary Vocational Education	34
3. The Development of Secondary Vocational Education Benefits from Strong Government Promotion	38
Chapter Two: Building a Scientific Concept of Talent	43
Part 1 The Urgent Discussion on Attitudes to Skilled Workers Brought on by the Sharp Decline in the Enrollments of Secondary Vocational Schools at the Turn of the 20th and 21st Centuries	44
1. The Sharp Decline in New Student Enrollments in Secondary Vocational Schools at the Turn of the 20th and 21st Centuries	45
2. Major Countermeasures for the Sharp Decline in the Enrollments of Secondary Vocational Schools	49
Part 2 Concern for the Weak Position of Skilled Talents in Employment	52
1. Manifestations of Skilled Talents’ Disadvantaged Status in Employment	53
2. Reasons for the Weak Position of Skilled Workers in Employment	61
Part 3 Senior Skilled Workers and Technicians Are Also Professionals	64
1. Policy Support for the Confirmation of Skilled Talents’ Values	64
2. Media Support for the Confirmation of Skilled Workers’ Values	74
3. The Contribution of Shanghai Vocational and Technical Education Forum to the Confirmation of Killed Workers’ Value	77
Chapter Three: Establishing the Strategic Position of Developing Vocational Education	83
Part 1 Industrial Upgrading and Shortage of Highly Skilled Experts	84
1. Focus on Improving the Industrial and Technical Levels	85
2. Highly Skilled Professionals Account for Only about 5% of Skilled Workers	90

Part 2	Policy Path to the Formation of the Strategic Position of Vocational Education	96
Part 3	Theoretical Explanation of the Functions of Vocational Education	100
1.	Interpretation of the Functions of Vocational Education by German Scholars	101
2.	Interpretation of the Functions of Vocational Education by U.S. Scholars	103
3.	How to Make Vocational Education Better Accepted by Learners	106
Chapter Four:	Constructing a Modern Vocational Education System with Chinese Characteristics	111
Part 1	Actively Developing Higher Vocational Education through Multiple Approaches	112
1.	Exploration of Higher Vocational Education	112
2.	The Formal Birth of Higher Vocational Education	114
3.	Curriculum and Associated Development of Higher Vocational Education	120
Part 2	Directing Some Local Undergraduate Institutions to Transform into Technical Institutions	129
1.	The Policy Path to the Development of Technical Undergraduate Education	130
2.	Local Practice of Developing Applied-Technology Undergraduate Education	132
3.	Several Problems in Transforming Local Undergraduate Institutions into Applied-Technology Institutions	134
Part 3	Facilitating the Coordinated Development and Interconnection of Secondary and Higher Vocational Schools	139
1.	Policy Path to the Construction of a Modern Vocational Education System	139
2.	Local Practice in Constructing a Modern Vocational Education System	142
3.	A Design to Achieve the Construction of a Modern Vocational Education System in China	149
Chapter Five:	Developing Vocational Education Based on the Needs of Industry and Enterprises	155
Part 1	The Policy Path to Promoting School-Enterprise Cooperation	156
1.	School-Enterprise Cooperation at the Subconscious Stage	157

2. School-Enterprise Cooperation at the Conscious Stage	159
3. School-Enterprise Cooperation at the Systematic Design Stage	161
Part 2 Overview of the Practice of School-Enterprise Cooperation	164
1. Analysis of the Overall Progress of School-Enterprise Cooperation	164
2. Case Study of School-Enterprise Cooperation	173
Part 3 How to Facilitate School-Enterprise Cooperation under Market Economy Conditions	178
1. Paths to the Construction of School-Enterprise Cooperation Systems under Market Economy Conditions	179
2. Basic Strategies for the Construction of School-Enterprise Cooperation System under Market Economy Conditions	181
Chapter Six: Vocational Education Should Actively Serve Economic Development	187
Part 1 Promoting the Optimization and Upgrading of the Industrial Structure	188
1. Policy Paths to Upgrading Industrial Structure	188
2. The Current Situation of Upgrading Industrial Structure	192
Part 2 Promoting Specialty Structures That Connect to Industrial Demand	199
1. Policy Paths to Specialty Structural Adjustment of Secondary Vocational Education	199
2. Policy Paths to the Structural Adjustment of Higher Vocational Education Specialties	205
Part 3 Practice of Adapting Specialty Restructuring to Industrial Restructuring	207
1. Local Practice: Make Education and Training Structures More Compatible with Labour Demand	207
2. How to Rationally Understand the Degree of Coincidence in Training Structures with Demand Structure	211
Chapter Seven: Establishing a Competency-Based Curriculum and Teaching Model	217
Part 1 Vocational Curriculum Construction at the Conceptual Stage	218
Part 2 Vocational Curriculum Construction in the Scientific Stage	227
1. Progress in Vocational Curriculum Research	228
2. Diversified Implementation of Vocational Curriculum Construction	231

3. Features and Problems of Curriculum Construction at the Scientific Stage	241
Part 3 Specialized Teaching Standards Construction Is the Foundation of Modern Vocational Education	242
1. The Significance of Developing National Specialized Teaching Standards	243
2. The Overall Situation of the Construction of Specialized Teaching Standards in Developed Countries	244
3. Key Technical Issues in Developing National Specialized Teaching Standards	245
Chapter Eight: Building a Training System That Meets the Requirements for Teacher Specialization	249
Part 1 The Serious Shortage of Teachers Was a Conspicuous Impediment in Developing Vocational Education at the Initial Stage after Reform and Opening-Up	250
Part 2 Developing Multiple Approaches to Cultivate Vocational Teachers	255
1. Investigations of Models of Vocational and Technical Teacher Education	255
2. Investigation of Teacher Training Models of Vocational and Technical Education	260
3. Investigation of the Academic Education of Vocational Teachers	268
Part 3 Cultivating a Model Selection and System Construction for Vocational Teachers	271
1. Major Problems Confronted by Vocational Teachers	272
2. Key Strategies for the Establishment of a Vocational Teacher Training System	275
Chapter Nine: Developing a Modern Apprenticeship System to Cultivate Great Craftsmen	281
Part 1 The Background for Developing Modern Apprenticeships in China	282
1. Two Purposes for Developing Modern Apprenticeship in Western Countries	282
2. The Transforming Process of China's Training Model of Vocational Talent	285
3. The Purpose of Developing a Modern Apprenticeship System in China	288

Part 2	Key Issues in Implementing Modern Apprenticeship in China	289
1.	How to Understand the Essence of Modern Apprenticeship Systems	290
2.	What Kind of Modern Apprenticeships Should China Develop?	293
3.	What Kind of System Barriers Does China Face in Developing a Modern Apprenticeship System?	295
Chapter Ten:	Constructing a Social System That Transforms Vocational Education from Grading to Classification	303
Part 1	Guarantee the Economic Status and Social Benefits of Skilled Workers through System Change	304
Part 2	Putting Reasonable Limits on the Freedom of Corporate Labor Recruitment under Market Economy Conditions	308
