Preface — V

List of contributing authors — IX

M. Rohini, R. Gowthamani, M. Indira Priyadharshini, D. Surendran

Chapter 1

Digital transformation technology and tools: shaping the future of primary health care — 1

Shubham Sharma, Pronika Chawla, Sanu Kumar, Mukul Nair

Chapter 2

Predictive maintenance of industrial machines using data collected through IoT sensors and analyzed by machine learning algorithms — 27

Ananth J. P., G. Raghuraman, Premnath S P, A. Francis Alexander Raghu

Chapter 3

A deep survey on quantum computing technologies — 49

Sourabh Sharma, Poonam Chaudhary

Chapter 4

Machine learning and deep learning — 71

Stewart Kirubakaran S, R. Senthil Kumar, Anusha Bamini A. M., Chitra R.

Chapter 5

From evolution to revolution: the contemporary development of quantum computing — 85

Anusha Bamini A. M., Chitra R., Jeba Priya S.

Chapter 6

Real-time big data analytics — 107

Sruthi Anand, Granty Regina Elwin J., R. Priyadharsini, K. Ranjeetha Priya, D. Prabha

Chapter 7

Quantum processors/networks/sensors — 129

G. Ignisha Rajathi, R. Vedhapriyavadhana, R. Niranjana, N. Pooranam,
R. Johny Elton

Chapter 8

Quantum computing in automata theory — 147

N. Pooranam, D. Surendran, N. Karthikeyan, G. Ignisha Rajathi

Chapter 9

Quantum computing: future of artificial intelligence and its applications — 163

M. Rohini, D. Surendran, Oswalt Manoj S

Chapter 10

A leap among quantum ML and DL models: a review — 185

B. Kiruba, M. Manicka Raja, I. Jasmine Selvakumari Jeya, C. Angel

Chapter 11

**A perspective study on quantum machine learning models for the areas of
medicine, materials, sensing, and communication — 205**

R. Vedhapriyavadhana, G. Ignisha Rajathi, R. Niranjana, N. Pooranam

Chapter 12

Quantum computing: application-specific need of the hour — 225

Nisha Soms, S. Kalyani, S. Nagarani, M. Rohini, Oswalt Manoj S

Chapter 13

**Industrial Internet of things and Industry 4.0: a learner's perspectives
toward quantum technologies — 243**

K. Sasi Kala Rani, Priyadharsheni J. M., B. Karthikeyan, G. S. Pugalendhi

Chapter 14

Applications of quantum AI for healthcare — 271

Biography — 289

Index — 291
