1 Introduction 1

 1.1 Motivation..... 1

 1.2 Research Focus 4

 1.3 Outline..... 6

2 Research Background..... 11

 2.1 Evolution of E-Procurement Solutions 12

 2.2 Foundations for Implementing and Using E-Procurement
 Solutions 14

 2.2.1 Design Choices for Implementing E-Procurement
 Solutions 14

 2.2.1.1 Sell-Side Systems 14

 2.2.1.2 Buy-Side Solution..... 16

 2.2.1.3 Marketplace..... 18

 2.2.2 Usage Goals of E-Procurement Technologies 19

 2.2.2.1 Financial Goals 20

 2.2.2.2 Supplier Goals..... 21

 2.2.2.3 Internal Process Goals..... 22

 2.2.2.4 Information Goals..... 23

 2.2.2.5 Market Goals 24

2.3	EPS Provider Market	24
3	Methodological Background and Research Design.....	29
3.1	Research Design	29
3.2	Introduction to the Case Study Context.....	35
3.2.1	Company related information.....	36
3.2.2	Project related Information.....	37
4	State of Research on E-Procurement and Software Implementation	41
4.1	Researching General Characteristics of E-Procurement in Scientific Literature	42
4.1.1	Methodological Approach	42
4.1.2	Findings	45
4.1.3	Conclusion	55
4.2	Influences on Implementation and Usage of E-Procurement Technologies.....	56
4.2.1	Methodological Approach	57
4.2.2	Implementation Influences.....	58
4.2.2.1	Technological Influences.....	58
4.2.2.2	Organisational Influences.....	58
4.2.2.3	Environmental Influences.....	61
4.2.3	Usage Influences	63
4.2.3.1	Technological Influences.....	63
4.2.3.2	Organisational Influences.....	65
4.2.3.3	Environmental Influences.....	66
4.2.4	Conclusion	67
4.3	State of Case Study Research on Software Implementation	68
4.3.1	Characterisation by Software Type.....	70
4.3.2	Characterisation by Research Topic.....	72
4.3.3	Stakeholder in Software Implementation	76
4.3.4	Investigation of Multinationality.....	78

4.3.5 Conclusion	80
5 Impact of Top Management on Cross-Site EPS Implementation	81
5.1 Research Goals	82
5.2 Top Management Behaviour in Scientific Literature	82
5.2.1 Conceptual Introduction and Methodological Approach	83
5.2.2 Findings	83
5.2.2.1 Structural Arrangements	83
5.2.2.2 Providing Resources	84
5.2.2.3 Communication	85
5.2.2.4 Power	87
5.2.2.5 Expertise	87
5.2.2.6 Participation	88
5.2.3 Interim Conclusion	88
5.3 Top Management Behaviour in Case Study	90
5.3.1 Theoretical Framing	90
5.3.2 Methodological Approach	92
5.3.2.1 Data Collection	92
5.3.2.2 Data Analysis	94
5.3.3 Findings	94
5.3.3.1 Accommodating Implementation Process	94
5.3.3.2 Reshaping Organisational Context	97
5.3.3.3 Facilitating the adaptation to organisational characteristics	99
5.3.3.4 Dealing with stakeholders	101
5.4 Take Aways	103
5.5 Interim Discussion of the Findings	108
6 Project Team Influences on Cross-Site EPS Implementation	111
6.1 Research Goals	112
6.2 Project Team Influences in Scientific Literature	112
6.2.1 Conceptual Introduction	113

6.2.2 Theoretical Framing	113
6.2.3 Methodological Approach	115
6.2.4 Findings	115
6.2.4.1 Structural Influencing Factors	115
6.2.4.2 Cultural Influencing Factors	117
6.2.4.3 Social Influencing Factors	120
6.2.5 Interim Conclusion	122
6.3 Project Team Influences in Case Study.....	123
6.3.1 Methodological Approach	124
6.3.1.1 Data Collection.....	124
6.3.1.2 Data Analysis	124
6.3.2 Findings	125
6.3.2.1 Structural Influencing Factors	125
6.3.2.2 Cultural Influencing Factor	128
6.3.2.3 Social Influencing Factors	129
6.3.2.4 Contextual Influencing Factors	136
6.4 Take Aways	137
6.5 Interim Discussion of the Findings	142
7 Influences on Cross-Site EPS Usage	145
7.1 Research Goal	145
7.2 IT Usage in Scientific Literature.....	146
7.2.1 Diffusion of Innovation Theory	147
7.2.2 Technology Acceptance Model	149
7.2.3 Technology Acceptance Model 2.....	150
7.3 EPS Usage in Case Study.....	152
7.3.1 Methodological Approach	153
7.3.1.1 Data Collection.....	153
7.3.1.2 Data Analysis	155
7.3.2 Findings	155

7.3.2.1 Software-specific Influencing Factors	155
7.3.2.2 Socio-cultural Influencing Factors	166
7.4 Take Aways	171
7.5 Interim Discussion of the Findings	172
8 Overall Summary and Discussion	175
8.1 Overall Summary	176
8.2 Explanatory Approaches and Managing EPS Implementation	185
8.2.1 Management Reasons impeding Implementation	185
8.2.2 Sense Making based on Agency Theory	187
8.2.3 Thought Experiment based on Transaction Cost Theory	189
8.2.4 Management Approaches through Contractual Implementation Design	194
8.3 Boundary Conditions	199
8.4 Conclusions and Outlook	200
