

# Contents

Preface — V

List of contributing authors — IX

Jasdeep Kaur, Akhil Saxena

**1 An overview of corrosion and functionalized thin film coating — 1**

Saumya Jaithlia, Manash Protim Mudoi

**2 Functionalized thin film coatings: fabrication strategies, synthesis, and characterization — 21**

Sheerin Masroor

**3 Functionalized thin film coatings: basics, properties, and applications — 39**

Sanjukta Zamindar, Surya Sarkar, Manilal Murmu, Priyabrata Banerjee

**4 Functionalized superhydrophobic surface and thin film coatings for corrosion protection — 53**

Sukdeb Mandal, Manilal Murmu, Naresh Chandra Murmu, Priyabrata Banerjee

**5 Porous materials-based functionalized thin film coatings as corrosion inhibitors — 85**

Pragnesh N. Dave, Pradip M. Macwan

**6 Functionalized conductive polymer-based thin film coating as corrosion inhibitors — 115**

Elyor Berdimurodov, Ilyos Elboev, Abduvali Kholikov, Khamdam Akbarov, Dakeshwar Kumar Verma, Mohamed Rbaa, Omar Dagdag, Khasan Berdimuradov

**7 Functionalized nanomaterials/nanocomposites-based thin film coatings as corrosion inhibitors — 159**

Deepak Sharma, Hari om, Abhinay Thakur, Ashish Kumar

**8 Functionalized carbon allotropes-based thin film coatings as corrosion inhibitors — 173**

P. R. Rajimol, Sarah Bill Ulaeto, Ben John, T. P. D. Rajan

**9 Metal-organic frameworks (MOFs)-based functionalized thin film coating for corrosion protection — 199**

Manilal Murmu, Naresh Chandra Murmu, Priyabrata Banerjee

**10 Functionalized quantum dots/carbonaceous quantum dots-based thin film coating as corrosion inhibitor — 227**

Khalid Bouiti, Nabil Lahrache, Ichraq Bouhouche, Najoua Labjar, Meriem Bensemli, Souad El Hajjaji, Ghita Amine Benabdallah, Hamid Nasrellah

**11 Functionalized hybrid sol-gel thin film coatings for corrosion inhibition — 263**

Sukdeb Mandal, Sanjukta Zamindar, Manilal Murmu, Priyabrata Banerjee

**12 Incorporating microcapsules-embedded corrosion inhibitor in functionalized thin film coatings — 293**

Richika Ganjoo, Shveta Sharma, Praveen K. Sharma, Nancy George, Abhinay Thakur, Ashish Kumar

**13 Surface functionalized bio ceramic coatings for anti-corrosion performance — 331**

Humira Assad, Ishrat Fatma, Abhinay Thakur, Ashish Kumar

**14 Functionalized thin film coatings for reinforced concrete engineering — 347**

Sonam Singh, Sayantan Guha

**15 Modeling of SH waves in a functionally graded piezo-poroelastic structure with sensitive coating in presence of point source of disturbance — 369**

Amita Somya, Amit Prakash Varshney

**16 Functionalized thin film coatings for automotive coatings — 385**

Elyor Berdimurodov, Khasan Berdimuradov, Ilyos Eliboev, Anvar Khamidov, Oybek Mikhliev, Abdulla Kholikov, Khamdam Akbarov

**17 Influence of inorganic/organic additives on mechanical and electrochemical properties of functionalized thin film coatings — 403**

Shveta Sharma, Richika Ganjoo, Abhinay Thakur, Ashish Kumar

**18 Role of surface functionalization on corrosion resistance and thermal stability of functionalized thin film coatings — 427**

Harpreet Kaur, Abhinay Thakur, Ramesh Chand Thakur, Ashish Kumar

**19 Challenges and future outlooks — 441**

**Index — 469**
