

# Contents

**Preface — V**

**List of contributors — XI**

Himani Mittal

**1 VR in social learning: applications and challenges — 1**

Shishir Singh Chauhan, Gouri Sankar Mishra, Gauri Shanker Gupta,  
Yadvendra Pratap Singh

**2 Integration of blockchain techniques in augmented and virtual reality — 11**

Shreejita Mukherjee, Shubhasri Roy, Sanchita Ghosh, Sandip Mandal

**3 A comparative study of Li-Fi over Wi-Fi and the application of Li-Fi in the field of augmented reality and virtual reality — 27**

Ajay Sudhir Bale, Salna Joy, Baby Chithra R., Rithish Revan S., Vinay N.

**4 Augmented reality in cross-domain applications — 43**

P. K. Paul

**5 Advanced ICT and intelligent systems in sophisticated Healthcare 5.0 practice in modern social and healthcare transformation: an overview — 63**

Jyoti Singh Kirar, Purvi Gupta, Aashish Khilnani

**6 A study on enterprise collaboration in metaverse — 81**

Pawan Whig, Shama Kouser, Ankit Sharma, Ashima Bhatnagar Bhatia,  
Rahul Reddy Nadikattu

**7 Exploring the synergy between augmented and virtual reality in healthcare and social learning — 99**

Nafees Akhter Farooqui, Madhu Pandey, Rupali Mirza, Saquib Ali,  
Ahmad Neyaz Khan

**8 Exploratory study of the parental perception of social learning among school-aged children based on augmented and virtual reality — 117**

J. P. Patra, Manoj Kumar Singh, Yogesh Kumar Rathore, Deepak Khadatkar

**9 An innovative application using augmented reality to enhance the teaching-learning process in school education — 141**

Vikas Gupta

**10 How do augmented and virtual reality influences visitor experiences: a case of heritage tourism sites in Rajasthan — 159**

Gnanasankaran Natarajan, Subashini Bose,

Sundaravadivazhagan Balasubramanian, Ayyallu Madangopal Hema

**11 Scope of virtual reality and augmented reality in tourism and its innovative applications — 175**

Aman Anand, Rajendra Kumar, Praveen Pachauri, Vishal Jain, Khar Thoe Ng

**12 6G and IoT-supported augmented and virtual reality-enabled simulation environment — 199**

Raj Gaurang Tiwari, Abeer A. Aljohani, Rajat Bhardwaj,

Ambuj Kumar Agarwal

**13 Virtual reality in tourism: assessing the authenticity, advantages, and disadvantages of VR tourism — 215**

Jyoti Verma, Manish Snehi, Isha Kansal, Raj Gaurang Tiwari, Devendra Prasad

**14 Real-time weed detection and classification using deep learning models and IoT-based edge computing for social learning applications — 241**

**Editors' biography — 269**

**Index — 271**
