<i>H. Imura</i> Control of Biosynthesis and Secretion of ACTH: A Review	1	<i>M.E. Berselli, M. Tagliaferri, F. Vignati and P. Loli</i> Effect of Ketoconazole on CRH-Induced ACTH and Cortisol Release in Patients with Cushing's Disease	58
<i>T.H. Schürmeyer</i> On the Relationship between ACTH and Cortisol Secretion	6	<i>M. Boscaro, N. Sonino, A. Rampazzo, A.M. Menegus and F. Mantero</i> ACTH Response to Corticotropin Releasing Hormone in Cushing's Disease Before and After Ketoconazole: In Vivo and In Vitro Studies	60
<i>C. DeBold, D.N. Orth, G.S. DeCherney, R.V. Jackson, W.R. Sheldon Jr., W.E. Nicholson and D.P. Island</i> Corticotropin-Releasing Hormone: Stimulation of ACTH Secretion in Normal Man	8	<i>A. Grossman, T.A. Howlett and P.G. Kopelman</i> The Use of CRF-41 in the Differential Diagno- sis of Cushing's Syndrome and Obesity	62
<i>H.J. Lenz</i> Extrapituitary Effects of Corticotropin-Releasing Factor	17	<i>U. Schrell, R. Fahlbusch, M. Buchfelder, S. Riedl, G.K. Stalla, O.A. Müller</i> CRH Test after Pituitary Microsurgery Suggests Tertiary Adrenocortical Insufficiency in Success- fully Operated Patients with Cushing's Disease .	64
<i>O.F.X. Almeida, K.E. Nikolarakis and A. Herz</i> Corticotropin Releasing Hormone Effects on Peptidergic Neurons of the Hypothalamus ...	23	<i>H.M. Schulte, B. Allolio, R.W. Günther, G. Benker, R. Windeck, W. Winkelmann and D. Reinwein</i> Bilateral and Simultaneous Sinus Petrosus Inferior Catheterization in Patients with Cushing's Syndrome: Plasma-Immunoreactive- ACTH-Concentrations Before and After Ad- ministration of CRF	66
<i>T.H. Schürmeyer, H.M. Schulte, P.C. Avgerinos, T.P. Tomai, D.L. Loriaux, P.W. Gold and G.P. Chrousos</i> Pharmacology of Ovine and Human CRH ...	24	<i>A.R.M.M. Hermus, G.F.F.M. Pieters, G.J. Pesman, T.J. Benraad, A.G.H. Smals and P.W.C. Kloppenborg</i> CRH as a Diagnostic and Heuristic Tool in Hypothalamic-Pituitary Disease	68
<i>G.K.Stalla, Johanna Stalla, J.P. Loeffler, K. von Werder, and O.A. Müller</i> Pharmacological Modulation of CRH-Stimulated ACTH Secretion by Ketokonazole	31	<i>B. Ambrosi, D. Bochicchio, P. Colombo, R. Ferrario and G. Faglia</i> Loperamide Modifies but does not Block the Corticotropin-Releasing Hormone-Induced ACTH Response in Patients with Addison's Disease	74
<i>B. Allolio, H.M. Schulte, U. Deuß and W. Winkelmann</i> Cyproheptadine Inhibits the Corticotropin Releasing Hormone (CRH) – Induced Hormone Release in Normal Subjects	36	<i>H.L. Fehm and J. Born</i> Effects of Corticotropin Releasing Hormone on Human Brain Function: An Analysis Based on Auditory Evoked Potentials	75
<i>E.A. Linton, A.C. Nienwenhuyzen Kruseman, C.D.A. Wolfe, E.A. Campbell, and P.J. Lowry</i> Distribution of Immunoreactive CRH in Man .	38	<i>F. Holsboer, U. von Bardeleben, R. Buller, Isabella Heuser and A. Steiger</i> Stimulation Response to Corticotropin-Releasing Hormone (CRH) in Patients with Depression, Alcoholism and Panic Disorder	80
<i>Christiane Maser-Gluth, U. Lorenz and P. Vecsei</i> In Pregnancy, Corticotropin-releasing-factor in Maternal Blood and Amniotic Fluid Correlates with Gestational Age	42		
<i>H.M. Schulte and D.L. Healy</i> Corticotropin Releasing Hormone- and Adeno- corticotropin-like Immunoreactivity in Human Placenta, Peripheral and Uterine Vein Plasma .	44		
<i>T. Suda, N. Tomori, T. Sumitomo, Y. Nakagami, F. Tozawa, T. Ushiyama, H. Demura and K. Shizume</i> Radioimmunoassay of Corticotropin-releasing Hormone: Methodology and Clinical Applica- tion	47		
<i>O.A. Müller, G.K. Stalla and K. von Werder</i> CRH in Cushing's Syndrome	51
