

Contents

Introduction

- 1 **Beyond Playing God: Critical Religious GenEthics for Pluralistic Societies**
Pfleiderer, G.; Brahier, G. (Basel); Lindpaintner, K. (Newark, Del.)

Foundations: Hermeneutic and Conceptional Reflections

- 12 **Genes – Cells – Interpretations: What Hermeneutics Can Add to Genetics and to Bioethics**
Rehmann-Sutter, C. (Lübeck)
- 28 **Controversies about Human Dignity: Implications for Biotechnology**
Childress, J.F. (Charlottesville, Va.)

The Function of Religion in GenEthical Debates: Critical Analyses

- 40 **Global Bioethics, Theology, and Human Genetic Engineering: The Challenge of Refashioning Human Nature in the Face of Moral and Religious Pluralism**
Engelhardt, Jr., H.T. (Houston, Tex.)
- 52 **Eschewing Images of Man: Against Anthropological Reductionism in Bioethics**
Graf, F.W. (Munich)
- 60 **Children, Bodies, Life: Ethics as the Churches' Biopolitics**
Gehring, P. (Darmstadt)
- 74 **On the Ethics Debate between Theologians, Scientists and Doctors: Experiences, Observations and Commentaries of a Medical Geneticist**
Müller, H. (Basel)

Examining Constructive Efforts of Religious GenEthics (I): Christian Theological GenEthics

- 82 **'Biopower' – Ethical and Theological Considerations**
Mieth, D. (Erfurt)

- 101 First Sheep, Then Human Beings? Theological and Ethical Reflections on the Use of Gene Technology**
Schockenhoff, E. (Freiburg)
- 108 Is the Human Genome Sacred?**
Peters, T. (Berkeley, Calif.)

Examining Constructive Efforts of Religious GenEthics (II): Jewish, Islamic, and Buddhist GenEthics

- 118 The Jewish Perspective on GenEthics**
Green, R.M. (Hanover, N.H.)
- 129 Human Genetic Technologies and Islamic Bioethics**
Nor, S.N.M. (Kuala Lumpur)
- 138 Buddhism and Human Genome Research**
Ratanakul, P. (Nakornpathom)
- 151 Author Index**
- 152 Subject Index**
