Introduction	11
---------------------------	-----------

Part I Current urban mobilities as “lived” spaces

Chapter 1 A socialization-based approach to daily mobilities	29
--	-----------

Chapter 2 Two approaches to understand the evolution of cross-border daily mobility and local residential mobility: The case of cross-border commuters living in Lorraine (France) and working in Luxembourg	49
---	-----------

Chapter 3 Pop-up civic sanctuary and the right to retreat in the city: Disrupting mobility regimes through pause and rest in a mobile “tiny house” encounter space	73
---	-----------

Part II Renewed urban mobilities as “alternatives” spaces?

Chapter 4 What drives food flows? Governing food supply chains in peri-urban settings	91
--	-----------

Chapter 5 The political regulation of “sustainable” urban mobility	111
---	------------

Chapter 6 Urban mobilities in French intermediary cities: The impact of “tactical” urban installations in the context of the Covid-19 pandemic	127
---	------------

Chapter 7 Socio-spatial dynamics and changes in urban mobility practices in a pandemic context: A mixed method case study in Mulhouse, France 163

Conclusion: Sustainability and mobility: A transactional compromise 201
