## Foreword

## Part A

**A concise, systematic review of healings experienced world-wide in the communities of the Bruno Gröning Circle of Friends.....19**

### **1 ALLERGIES**

|       |                                                                                              |    |
|-------|----------------------------------------------------------------------------------------------|----|
| 1.1   | Different allergens.....                                                                     | 20 |
| 1.1.1 | Animal hair (dog, cat, horse), house plant (Coleus),<br>printer's ink and bed feathers ..... | 20 |
| 1.1.2 | Printer's ink and sunlight .....                                                             | 20 |
| 1.1.3 | Nuts.....                                                                                    | 21 |
| 1.1.4 | Cleaning materials .....                                                                     | 22 |
| 1.2   | Chronic urticaria .....                                                                      | 22 |
| 1.2.1 | Combined with allergy to grass, pollen, animal hair,<br>house-dust mites etc. ....           | 22 |
| 1.3   | Hay fever .....                                                                              | 22 |

### **2 DISORDERS OF THE EYE**

|       |                                                                                      |    |
|-------|--------------------------------------------------------------------------------------|----|
| 2.1   | Impaired vision.....                                                                 | 24 |
| 2.1.1 | Hypermetropia (farsightedness) .....                                                 | 24 |
| 2.1.2 | Nyctalopia (night blindness) .....                                                   | 24 |
| 2.1.3 | Loss of sight.....                                                                   | 25 |
| 2.2   | Irritations of the eye .....                                                         | 25 |
| 2.2.1 | Inflammation of the conjunctiva (conjunctivitis) 25<br>with dryness of the eye ..... | 25 |
| 2.2.2 | Inflammation of the cornea (keratitis), corneal ulcer .....                          |    |

### **3 DISORDERS OF THE RESPIRATORY SYSTEM**

|       |                         |    |
|-------|-------------------------|----|
| 3.1   | Bronchial asthma .....  | 26 |
| 3.2   | Bronchitis.....         | 27 |
| 3.2.1 | Chronic bronchitis..... | 27 |

|                                                                                                                    |    |
|--------------------------------------------------------------------------------------------------------------------|----|
| <b>4 DISORDERS OF THE BLOOD VESSELS</b>                                                                            |    |
| 4.1 Disorders of the arteries.....                                                                                 | 29 |
| 4.1.1 Peripheral vascular disease.....                                                                             | 29 |
| 4.1.1.1 Peripheral vascular disease with claudication (pain)<br>in the legs.....                                   | 29 |
| 4.2 Disorders of the veins.....                                                                                    | 29 |
| 4.2.1 Varicose veins.....                                                                                          | 29 |
| 4.2.1.1 Swelling of the leg after thrombosis.....                                                                  | 29 |
| 4.2.1.2 After several pregnancies.....                                                                             | 30 |
| 4.2.2 Secondary disease of venous disorders .....                                                                  | 30 |
| 4.2.2.1 Chronic ulcer of the lower leg .....                                                                       | 30 |
| <b>5 DISORDERS OF THE ENDOCRINE SYSTEM AND METABOLIC<br/>DISTURBANCES (DISORDERS OF INNER GLANDS AND HORMONES)</b> |    |
| 5.1 Diabetes mellitus .....                                                                                        | 31 |
| 5.1.1 Adult-onset diabetes .....                                                                                   | 31 |
| 5.1.1.1 Non-insulin-dependent .....                                                                                | 31 |
| 5.1.1.2 Insulin-dependent.....                                                                                     | 31 |
| <b>6 GYNAECOLOGICAL DISORDERS (WOMEN'S DISEASES)</b>                                                               |    |
| 6.1 Abnormal menstruation.....                                                                                     | 32 |
| 6.1.1 Menorrhagia (excessive bleeding) .....                                                                       | 32 |
| 6.1.2 Amenorrhea (absence of menstrual period).....                                                                | 32 |
| 6.1.3 Dysmenorrhea (painful periods) .....                                                                         | 32 |
| 6.2 Fibroids (benign tumour of the uterus) .....                                                                   | 33 |
| 6.3 Vaginal candidiasis (thrush) .....                                                                             | 34 |
| <b>7 SKIN DISORDERS</b>                                                                                            |    |
| 7.1 Eczema of the hands .....                                                                                      | 35 |
| 7.2 Acne vulgaris.....                                                                                             | 35 |
| 7.3 Alopecia (hair loss).....                                                                                      | 35 |
| 7.3.1 Alopecia and upper body skin irritation .....                                                                | 35 |
| 7.3.2 Diffuse hair loss.....                                                                                       | 36 |
| 7.3.3 Alopecia totalis of the top of the scalp.....                                                                | 36 |
| 7.3.4 Alopecia areata (localised area of hair loss, 5 cm across).....                                              | 37 |
| 7.4 Mycosis (fungal infections).....                                                                               | 37 |
| 7.4.1 Tinea pedis (athlete's foot) .....                                                                           | 37 |

|        |                                                                  |    |
|--------|------------------------------------------------------------------|----|
| 7.5    | Herpes.....                                                      | 38 |
| 7.5.1  | Around nose and lips (long-term) .....                           | 38 |
| 7.5.2  | Around the lips (herpes simplex) .....                           | 38 |
| 7.6    | Hyperkeratosis (thickening of the outer layer of the skin) ..... | 39 |
| 7.6.1  | On the feet (more than 25 years) .....                           | 39 |
| 7.7    | Neurodermatitis (Lichen simplex) .....                           | 39 |
| 7.7.1  | On the hands, since birth .....                                  | 39 |
| 7.7.2  | On different sites (for decades) .....                           | 39 |
| 7.8    | Psoriasis .....                                                  | 40 |
| 7.8.1  | For more than 60 years on different sites .....                  | 40 |
| 7.8.2  | On the forehead (more than 20 years).....                        | 40 |
| 7.9.   | Warts .....                                                      | 41 |
| 7.9.1  | On the hands for more than 11 years .....                        | 41 |
| 7.9.2  | On hands and feet .....                                          | 41 |
| 7.10   | Disorders of the nails (fingers and feet).....                   | 41 |
| 7.10.1 | Ingrowing toenails.....                                          | 41 |

## 8 EAR, NOSE AND THROAT DISORDERS>

|       |                                                                                                                                |    |
|-------|--------------------------------------------------------------------------------------------------------------------------------|----|
| 8.1   | Diseases of the labyrinth (the fluid-filled chambers<br>in the inner ear that sense balance), with vertigo<br>and nausea ..... | 42 |
| 8.1.1 | Ménière's disease (vertigo, nausea, vomiting)<br>symptoms for over 25 years .....                                              | 42 |
| 8.2   | Hearing disorders.....                                                                                                         | 42 |
| 8.2.1 | Deafness after sudden onset of sensorineural deafness .....                                                                    | 42 |
| 8.2.2 | Due to birth injury (forceps delivery) .....                                                                                   | 43 |
| 8.2.3 | Deafness of the left ear .....                                                                                                 | 43 |
| 8.3   | Chronic sinusitis .....                                                                                                        | 43 |
| 8.3.1 | Frontal sinus and maxillary sinus .....                                                                                        | 44 |
| 8.3.2 | Frontal sinus .....                                                                                                            | 44 |
| 8.4   | Chronic rhinitis.....                                                                                                          | 45 |
| 8.4.1 | Breathing difficulty (nasal).....                                                                                              | 45 |
| 8.4.2 | Nasal obstruction (chronic rhinitis).....                                                                                      | 45 |
| 8.5   | Chronic tonsillitis .....                                                                                                      | 46 |

## 9 CARDIOVASCULAR DISORDERS

|     |                                           |    |
|-----|-------------------------------------------|----|
| 9.1 | Pain in the chest (angina pectoris) ..... | 48 |
|-----|-------------------------------------------|----|

|       |                                                                                                                                       |    |
|-------|---------------------------------------------------------------------------------------------------------------------------------------|----|
| 9.1.1 | Ischemic heart disease (coronary heart disease)<br>[Chronic symptoms after myocardial infarction<br>and coronary artery bypass] ..... | 48 |
| 9.2   | Hypertension (high blood pressure) .....                                                                                              | 49 |
| 9.3   | Hypertension (low blood pressure) and circulatory problems .....                                                                      | 51 |
| 9.4   | Cardiac arrhythmia (irregular heartbeat) .....                                                                                        | 52 |
| 9.4.1 | Tachyarrhythmia .....                                                                                                                 | 52 |
| 9.4.2 | Chronic tachyarrhythmia .....                                                                                                         | 52 |

## 10 DISORDERS OF BONES AND JOINTS, AND OF THE MUSCLES, TENDONS, AND LIGAMENTS ASSOCIATED WITH THEM

|          |                                                                                         |    |
|----------|-----------------------------------------------------------------------------------------|----|
| 10.1     | Degenerative joint disorders (arthrosis, osteoarthritis) .....                          | 53 |
| 10.1.1   | Osteoarthritis of the hip .....                                                         | 53 |
| 10.1.2   | Osteoarthritis of the knee .....                                                        | 54 |
| 10.1.3   | Osteoarthritis of other joints .....                                                    | 55 |
| 10.1.3.1 | Metatarso-phalangeal joint (base) of the big toe .....                                  | 55 |
| 10.1.4   | Multiple degenerative joint disease .....                                               | 55 |
| 10.1.4.1 | Pain in the lumbar region of the spine, osteoarthritis<br>of the knee and the hip ..... | 55 |
| 10.1.4.2 | Osteoarthritis of the knee and the shoulder .....                                       | 56 |
| 10.1.4.3 | Osteoarthritis of the knee, the shoulder, the fingers,<br>and the hip .....             | 56 |
| 10.2     | Degenerative disorders of the spine (rheumatism) .....                                  | 57 |
| 10.2.1   | Pain in the thoracic spine .....                                                        | 57 |
| 10.2.2   | Pain in the cervical spine .....                                                        | 57 |
| 10.2.3   | Pain in the cervical and lumbar spine .....                                             | 58 |
| 10.2.4   | Pain in the lumbar spine .....                                                          | 59 |
| 10.2.5   | Sciatica .....                                                                          | 60 |
| 10.3     | Foot disorders .....                                                                    | 62 |
| 10.3.1   | Bunions .....                                                                           | 62 |
| 10.3.2   | Talipes transversoplanus (flatfoot, splayfoot) .....                                    | 63 |
| 10.3.3   | Hammer toes .....                                                                       | 63 |
| 10.4     | Baker's cyst .....                                                                      | 64 |
| 10.5     | Ganglion .....                                                                          | 64 |
| 10.6     | Arthritis .....                                                                         | 65 |
| 10.6.1   | Rheumatoid arthritis .....                                                              | 65 |
| 10.6.2   | Arthritis (non-rheumatoid) .....                                                        | 65 |

|            |                                                        |    |
|------------|--------------------------------------------------------|----|
| 10.6.2.1   | Gout.....                                              | 65 |
| 10.6.2.2   | Arthritis of unknown cause.....                        | 66 |
| 10.6.2.2.1 | Arthritis of the shoulder.....                         | 66 |
| 10.7       | Non-articular rheumatism syndrome.....                 | 66 |
| 10.8       | General rheumatic problems .....                       | 66 |
| 10.9       | Sudeck's atrophy.....                                  | 67 |
| 10.9.1     | After immobilising the knee in a cast .....            | 67 |
| 10.9.2     | After immobilising the right lower arm in a cast ..... | 67 |

## 11 HEADACHES

|          |                                                                          |    |
|----------|--------------------------------------------------------------------------|----|
| 11.1     | Chronic headache .....                                                   | 69 |
| 11.1.1   | In general without special diagnosis .....                               | 69 |
| 11.1.2   | Caused by circulation problems .....                                     | 70 |
| 11.1.3   | Caused by cervical disorders.....                                        | 70 |
| 11.2     | Migraine .....                                                           | 72 |
| 11.2.1   | Caused by different factors.....                                         | 72 |
| 11.2.1.1 | Resulting from allergy .....                                             | 72 |
| 11.2.1.2 | Triggered by menstruation .....                                          | 72 |
| 11.2.2   | Migraine accompanied by neurological symptoms<br>during the attack ..... | 73 |
| 11.2.2.1 | With impaired vision .....                                               | 73 |
| 11.2.2.2 | With speech disorder.....                                                | 73 |
| 11.2.3   | Non-specific forms .....                                                 | 73 |

## 12 DISORDERS OF THE LIVER, PANCREAS AND BILIARY SYSTEM

|          |                                                         |    |
|----------|---------------------------------------------------------|----|
| 12.1     | Disorders of the liver .....                            | 75 |
| 12.1.1   | Chronic hepatitis.....                                  | 75 |
| 12.2     | Disorders of the pancreas.....                          | 75 |
| 12.2.1   | Pancreatitis.....                                       | 75 |
| 12.2.1.1 | Pancreatitis with frequent acute attacks (chronic)..... | 75 |
| 12.2.1.2 | Chronic pancreatitis.....                               | 76 |

## 13 DISORDERS OF THE STOMACH AND INTESTINE

|          |                                                  |    |
|----------|--------------------------------------------------|----|
| 13.1     | Disorders of the small and large intestine ..... | 77 |
| 13.1.1   | Chronic inflammatory disorders .....             | 77 |
| 13.1.1.1 | Crohn's disease.....                             | 77 |
| 13.1.1.2 | Diverticulitis .....                             | 77 |

|          |                                                                                              |    |
|----------|----------------------------------------------------------------------------------------------|----|
| 13.1.2   | Intestinal obstruction .....                                                                 | 78 |
| 13.1.2.1 | Chronic constipation.....                                                                    | 78 |
| 13.1.3   | Haemorrhoids .....                                                                           | 80 |
| 13.2     | Disorders of the stomach and duodenum.....                                                   | 81 |
| 13.2.1   | Inflammatory diseases .....                                                                  | 81 |
| 13.2.1.1 | Gastritis.....                                                                               | 81 |
| 13.2.1.2 | Peptic ulcers of the stomach and duodenum .....                                              | 82 |
| 13.3     | Disorders of the oesophagus .....                                                            | 83 |
| 13.3.1   | Oesophagitis due to reflux of the contents of the<br>stomach (heartburn) .....               | 83 |
| 13.4     | Other disorders .....                                                                        | 84 |
| 13.4.1   | Intestinal protein loss .....                                                                | 84 |
| 13.4.1.1 | Intestinal lymphangiectasis<br>(congenital defect of the intestinal lymphatic vessels) ..... | 84 |

## 14 DISORDERS OF THE URINARY TRACT

|        |                                                                       |    |
|--------|-----------------------------------------------------------------------|----|
| 14.1   | Urinary incontinence (uncontrollable,<br>involuntary urination) ..... | 85 |
| 14.2   | Urethritis .....                                                      | 86 |
| 14.2.1 | Cystitis<br>(chronic inflammation of the bladder).....                | 86 |

## 15 NEUROLOGICAL DISORDERS

|          |                                                                             |    |
|----------|-----------------------------------------------------------------------------|----|
| 15.1     | Multiple sclerosis.....                                                     | 87 |
| 15.2     | Neuralgia (pain caused by irritation of, or damage<br>to a nerve) .....     | 88 |
| 15.2.1   | Pain in the facial region .....                                             | 88 |
| 15.2.1.1 | Trigeminal neuralgia (pain affecting one side of the face) .....            | 88 |
| 15.2.1.2 | Pain around the eye and the nose.....                                       | 88 |
| 15.3     | Parkinson's disease .....                                                   | 89 |
| 15.4     | Paralysis .....                                                             | 89 |
| 15.4.1   | Paralysis of all four limbs as part of early childhood<br>brain damage..... | 89 |
| 15.4.2   | Hemiplegia after cerebral bleeding .....                                    | 90 |
| 15.4.3   | Facial palsy (Bell's palsy) .....                                           | 91 |
| 15.5     | Other neurological disorders .....                                          | 91 |
| 15.5.1   | Disequilibrium after a stroke .....                                         | 91 |

## **16 MENTAL DISORDERS**

|        |                                      |    |
|--------|--------------------------------------|----|
| 16.1   | Anxiety .....                        | 92 |
| 16.1.1 | Fear of driving.....                 | 92 |
| 16.1.2 | Fear of swimming .....               | 92 |
| 16.1.3 | Accompanied by hyperventilation..... | 92 |
| 16.1.4 | Fear of crowds.....                  | 93 |
| 16.1.5 | Fear of examinations .....           | 93 |
| 16.1.6 | Fear of opaque waters .....          | 93 |
| 16.2   | Depression .....                     | 93 |
| 16.3   | Eating disorders .....               | 95 |
| 16.4   | Psychosis .....                      | 95 |
| 16.4.1 | Paranoid state caused by drugs ..... | 95 |
| 16.5   | Sleep disorders .....                | 96 |
| 16.5.1 | Inability to sleep .....             | 96 |
| 16.5.2 | Nightmares.....                      | 97 |
| 16.6   | Obsessive-compulsive behaviour ..... | 97 |
| 16.6.1 | Kleptomania.....                     | 97 |
| 16.6.2 | Nail-biting .....                    | 98 |

## **17 ADDICTIONS**

|        |                                 |     |
|--------|---------------------------------|-----|
| 17.1   | Alcoholism.....                 | 99  |
| 17.2   | Addiction to Cola.....          | 99  |
| 17.3   | Drug addiction .....            | 100 |
| 17.3.1 | Hashish .....                   | 100 |
| 17.3.2 | Heroin, hashish, Captagon ..... | 100 |
| 17.4   | Nicotine addiction .....        | 101 |

## **18 CANCER (MALIGNANT TUMOURS)**

|          |                                                                           |     |
|----------|---------------------------------------------------------------------------|-----|
| 18.1     | Lymphoma.....                                                             | 103 |
| 18.1.1   | Non-Hodgkin's lymphoma<br>(a malignant disorder of lymphoid tissue) ..... | 103 |
| 18.1.1.1 | Lymphoma in the stomach.....                                              | 103 |

## **19 CHRONIC ILLNESSES AND INJURIES CAUSED BY ACCIDENTS, OPERATIONS OR OTHER EXTERNAL CAUSES**

|        |                                                  |     |
|--------|--------------------------------------------------|-----|
| 19.1   | Accidents with fractures.....                    | 104 |
| 19.1.1 | Chronic pain after a fracture of the ankle ..... | 104 |

|        |                                                                                           |     |
|--------|-------------------------------------------------------------------------------------------|-----|
| 19.1.2 | Stiffness of the toe after a fracture .....                                               | 104 |
| 19.1.3 | Restricted mobility after a fracture of the upper arm .....                               | 104 |
| 19.2   | Accidents without fractures .....                                                         | 105 |
| 19.2.1 | Pain in the right knee after an accident .....                                            | 105 |
| 19.2.2 | Chronic pain of the cervical spine after an accident .....                                | 105 |
| 19.2.3 | Chronic pain and restricted mobility of the<br>left shoulder after an accident .....      | 105 |
